NEWS RELEASE

FOR IMMEDIATE RELEASE

Saturday, March 4, 2023

BOIL WATER NOTICE LIFTED FOR WATER CUSTOMERS IN THE LIBERTY ADDITION OF CLARKSBURG, WEST VIRGINIA, INCLUDING BUT NOT LIMITED TO LIMESTONE ROAD, PRATT AVENUE, LAYFIELD LANE, FROE STREET, AUTUMN LANE, DYE STREET, WHITE BLOSSOM DRIVE, AND REDLEAF LANE

The Boil Water Notice that was issued on Thursday, March 2, 2023, for all water customers in the Liberty Addition of Clarksburg, West Virginia, including but not limited to Limestone Road, Pratt Avenue, Layfield Lane, Froe Street, Autumn Lane, Dye Street, White Blossom Drive, and Redleaf Lane has been lifted.

Testing indicates that Clarksburg Water Board's water is now safe for drinking and human consumption purposes. It is no longer necessary to boil your tap water or for you to consume bottled water. Because water flow was disrupted, flushing of the system was done to remove sediment and assist in maintaining water quality and clarity. Customers may experience discolored water, but it is not a health hazard. Officials recommend running the hot and cold water faucets in your home for five to ten minutes to clear any discolored water from your pipes.

The Clarksburg Water Board would like to thank their customers for their patience and understanding during this situation.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

For more information, customers can contact customer service by calling (304) 623-3711 or by email at customerservice@clarksburgwater.com. Additional information can also be found at www.clarksburgwater.com.
