NOTICE TO CUSTOMERS

WATER SERVICE INTERRUPTION

SOUTH CHESTNUT STREET
(FROM ROOSEVELT ROAD TO HARVEY STREET)

THURSDAY, FEBRUARY 8, 2024
FROM APPROXIMATELY 8:00 AM to 4:00 PM

Due to unexpected issues this past week, our contractor was not able to finish making the water line interconnections on South Chestnut Street at the intersections of Garfield Road and Hayes Street. In order to complete this work, we must interrupt your water service during the time period listed above.

Prior to our scheduled work, we recommend that you make the following preparations to help you through this interruption:

1. Store an adequate supply of water for cooking and drinking.
2. Turn water heater circuit breaker to the off position. (If you use gas, contact your gas company if you have any questions.)
3. Avoid opening any faucets or flushing toilets during this time. This will help minimize air in your system.
4. If the water is discolored after service has been restored, flush your lines through a bathtub faucet first, for a short period. If the water does not clear within a reasonable time, please contact us for assistance.

Thank you for your cooperation and patience as we continue to improve your water system.

For more information, please visit our website at www.clarksburgwater.com or give us a call at (304) 623-3711.

Kind regards,

Jason L. Myers
General Manager
